SKILLS

- **Languages**: C++, JavaScript, TypeScript, Python
- **Frameworks**: ReactJS, NodeJS, Tailwind CSS
- **Databases**: MySQL, MongoDB
- **Tools/Platforms**: VS Code, Github
- **Technical Skills**: DSA, Object Oriented Programming (OOP), Authentication
- **Soft Skills**: Continuous Learning, Consistency, Adaptability, Problem-Solving Skills, Team Player

PROJECTS

Sports Management System| GitHub Jan' 26 – Apr' 26

- Developed a full-stack sports management platform enabling tournament scheduling, team management, player statistics, and match tracking with **role-based access** for Super Admin, Coach, and Player.
- Implemented JWT-based authentication and authorization, secure RESTful APIs, and CRUD operations using Node.js, Express.js, and MongoDB.
- Built a responsive React.js frontend with reusable components, interactive dashboards, and modern UI for efficient sports administration.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT, JavaScript, HTML5, CSS3, REST API

Tours & Travel Packages App| GitHub July' 26 – Aug' 26

- Developed a responsive React-based travel booking application featuring dynamic API integration, reusable components, and client-side state management.
- Implemented state management, reusable components, and conditional rendering for improved user experience.
- Increased usability by enabling quick tour browsing and lightweight client-side interaction.
- Tech stack: React.js, JavaScript, HTML5, CSS3, REST API, Vite

Training Center Management System| GitHub Apr' 25 – Jun' 25

- Developed a full-stack training management platform featuring course catalog, student enrollment, assignment uploads, and role-based dashboards.
- Integrated secure user authentication and streamlined course/assignment workflows for efficient training operations.
- Enhanced admin productivity by simplifying course management and reducing manual coordination efforts.
- Tech stack: HTML5, CSS3, JavaScript, PHP, MySQL

TRAINING

Data Analytics Essentials Summer Training | Lovely Professional University Jun' 25 – July' 25

- Performed data cleaning, preprocessing, and transformation to prepare datasets for accurate analysis and visualization.
- Conducted exploratory data analysis (EDA) on retail sales data to uncover trends, customer behavior patterns, and business insights.
- Designed and developed interactive dashboards to support data-driven decision making and improve insight communication.

CERTIFICATES

- ChatGPT Made Easy: AI Essentials for Beginners | Udemy | Certificate — Aug' 25
- Indexing Design in MongoDB | Certificate — Jun' 25
- Java (Basics) | Iamneo | Certificate — May' 25
- DSA with C | CSE Pathshala | Certificate — Mar' 24

ACHIEVEMENTS

- Solved **346+ Data Structures and Algorithms problems** across **LeetCode (216+)** and **GeeksforGeeks (130+)**, strengthening problem-solving and algorithmic thinking.

EDUCATION

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; CGPA: 7.5 — Aug' 23 - Present
- **Indraprastha Public School** — Morna, UP
  Intermediate(PCM); Percentage: 65% — Apr' 21 – Mar'22
- **Indraprastha Public School** — Morna, UP
  Matriculation; Percentage: 74% — Apr' 19 – Mar'20
